Campaign Spending: [List of Filers](#)

Hawaii is the best place in the world to live and I love my neighborhood, but the people of the 28th District face a number of difficult problems including the lack of affordable housing, rampant drug use and an underperforming public educational system. My professional credentials and long record of involvement in the community make me an ideal candidate to be your next Representative.

My wife and I have lived in the 28th District for ten years now. I was appointed to the Downtown Neighborhood Board almost nine years ago and have been reelected four times. I am proud to have been involved in the revitalization of Chinatown, the creation of more park space in our densely populated urban area and the ongoing fight against crime.

With other community members, I have walked on the Chinatown Citizens Patrol for almost ten years. I supported the creation and expansion of the Kalihi-Chinatown-Sheridan Weed & Seed federal anti-crime area and sponsored initiatives at the neighborhood board to recruit more police officers.

Professionally, I am an attorney having graduated with Honors from George Washington University law school. I also have a Masters degree in international relations from the University of London. Education has always been important in the Rhoads ohana and improving education at all levels will be one of my highest priorities if elected.

As your Representative, I will work hard and make the sacrifices necessary to do a good job. Please vote for me on September 23 and November 7. Mahalo!
